

1C[®] Skills Camp

PARTICIPANT'S GUIDE (VERSION 1.0)

1C Skills Camp Asia

#SkillsMatter

Learn. Develop. Improve the World.

Presented by 1C Company from Eastern Europe and shift101 from the Philippines
In partnership with 1C Vietnam, 1C Forus Mongolia, 1Ci Indonesia, Rise South
Africa

Featuring 1C:Enterprise Business Application Development Platform

Dear Participant,

Greetings! We hope that everything is fine with you.

1C Skills Camp Asia training will officially begin on July 1st. We prepared this document for you to know what to expect and be guided in every stage.

But before that, as mentioned, 1C Skills Camp is a **series of free training and skills competitions for teams or individual developers**. The 4th Edition focuses on Asia. We are introducing the 1C:Enterprise Platform. A low-code platform that is very easy to use even without a solid background in programming.

You can gain hands-on experience and explore the **1C:Enterprise Platform**. 1C:Enterprise is an easy-to-use and powerful full-stack platform for creating applications that streamline the **automation of a wide range of business processes**. It has the capability to build frontend and backend systems, such as, but not limited to, desktop, web, and mobile applications.

And on a lighter note, aside from the free training, cash prizes, and international opportunities, be ready to **meet friends and build networks across Asia**. Thank you very much and please enjoy your 1C Skills Camp Asia journey!

Best Regards,

1C Skills Camp Asia Organizers, Partners, and Mentors
